

MODULE 3.6, HANDOUT #1: Zonation Plan for the Mudumu North Complex

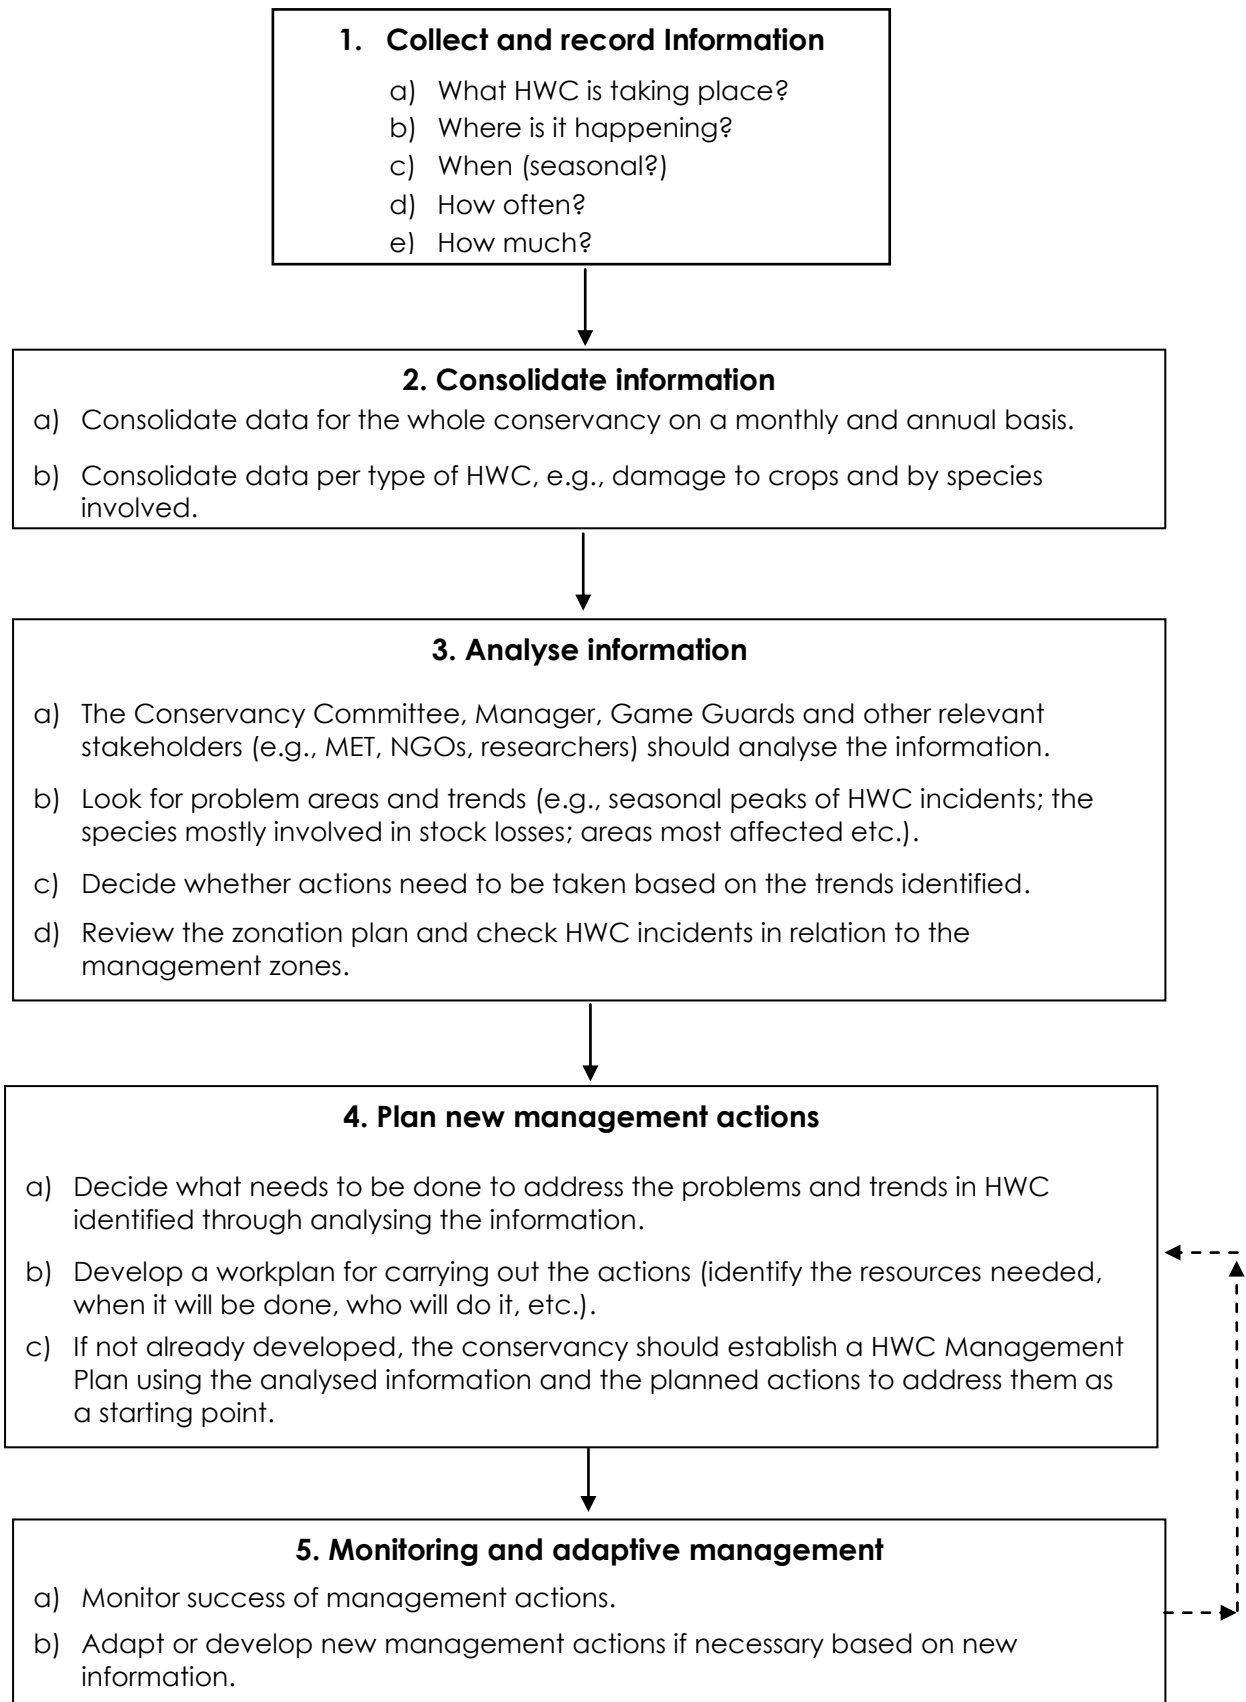

MODULE 3.6, HANDOUT #2: Workplan for a Conservancy HWC Management Plan

Conservancy HWC Management workplan November 2006 to March 2007

Objective 1. To develop, test and implement methods for reducing HWC in the conservancy				
<u>Strategy 1:</u> In order to reduce livestock losses, the conservancy and MET will investigate and implement the most appropriate methods for protecting livestock from predators and reducing the need for predators to prey on livestock				
Activity	Action	Responsible	When	Progress
1. Establish reinforced cattle pens	1.1 Identify 3 trial sites estimate costs 1.2 MET to source funding once sites identified and costing completed	Executive Committee (Chair to coordinate, with Manager and MET Warden), IRDNC Field officer	By end of January 2007	
2. Introduce species such as hartebeest, plains zebra, impala and wildebeest to improve the natural prey base of predators	2.1 MET will consider further re-introductions at next planning meeting			Oryx have already been introduced

MODULE 3.6, HANDOUT #3: The stages of adaptive HWC management

MODULE 3.6, HANDOUT #4: Self-assessment evaluation for participants

Participants receiving training in Module 3.6 are not subject to formal assessment. However, in order for you to assess the knowledge and skills you have acquired on human wildlife conflict (HWC) management, and for the trainer to ascertain how effective the training has been, you are encouraged to answer for yourself the following questions and discuss your answers – as part of a group or individually – with your trainer.

- 1. Can I give a definition of human wildlife conflict (HWC) and briefly describe its causes and consequences?**
- 2. Can I briefly list the aim, objectives and principles of the national HWC policy document?**
- 3. Can I describe, in general terms, the strategies outlined in the national HWC policy document?**
- 4. Do I understand the roles and responsibilities of the main stakeholders regarding HWC management?**
- 5. Can I explain the purpose behind a Human Wildlife Conflict Management Plan?**
- 6. Can I explain how to develop a Human Wildlife Conflict Management Plan and list its main components?**
- 7. Do I understand the principles that guide HWCSRS and can I explain how it is implemented?**
- 8. Can I explain why good information is important in addressing HWC?**
- 9. Can I outline the methods to prevent predation of livestock, and killing of livestock by elephants?**
- 10. Can I outline ways to prevent damage to crops by wildlife?**
- 11. Can I explain methods for overcoming fear of elephants?**
- 12. Can I identify methods for protecting water infrastructure and providing alternative water points for elephants?**
