

CAMP applications close on Friday!!!!

Recently completed graduates in **Biological Sciences, Ecology, Agriculture, Climate Sciences, Geology, and Environmental Sciences** are encouraged to apply for a **climate change ambassador training programme** at Gobabeb.

The 2021 August CAMP “*Climate, Food Security and Water*” will be hosted at Gobabeb from the **2nd – 17th August 2021**.

Participants will receive intensive, science-based training on current climate change issues. Participants will develop outreach products to transfer knowledge to secondary school learners in their home towns during the third school term of 2021.

Download the **application form** from our website www.gobabeb.org (under the training tab). Email the **completed form**, your **CV** and **final-year university transcript** to internships@gobabeb.org **before 25th of June 2021, 17:00.**
