The applicant should possess the below attributes

- University level degree (natural resource management, rural development or related fields is desirable);
- Strong understanding of CBNRM;
- Strong interest in furthering education;
- Drivers' license (or at least a Learners License) will be an advantage;
- Computer (Word, Excel, PowerPoint) / data management skills;
- Excellent written and verbal communications skills in English;
- Excellent interpersonal skills;
- Good administration, time management and organizational skills;
- Facilitation skills;
- Ability to pay attention to detail;
- Ability to manage some independent work;
- Strong critical thinking skills;
- Willing to work for long periods in the field, do some menial tasks in the field, work over weekends;
- Flexibility and adaptability to change; and
- Be a team player.

Location

The successful candidates will be based in Windhoek, with a significant amount of travel time in the field.

All applications should be supported with certified documents. Any qualifications obtained outside of Namibia should have an evaluation report from NQA.

Applications should be emailed to officemanager@nacso.org.na or dropped at the NACSO offices, 19 Lossen Street, Ausspanplatz.

For more information please contact Tuna Angula on 061 239 945,
Only shortlisted candidates will be contacted, kindly take note that no applications will be returned.

Closing date: 3 December 2023, at 17:00

Kindly Note that this is a paid two-year internship, with medical aid and social security.
