

# Ehi-Rovipuka Natural Resource Report

## maximising wildlife returns by minimising threats...

#### Performance Indicators Management performance in 2022 Category **Performance** 1 Adequate staffing 2 Adequate expenditure 250 3 Audit attendance 200 4 NR management plan 5 Zonation 150 6 Leadership 100 7 Display of material 50 8 Event Book modules 9 Event Book quality 10 Compliance 11 Game census 12 Reporting & adaptive management 13 Law enforcement 14 Human Wildlife Conflict 50 15 Harvesting management 40 16 Sources of NR income 30 17 Benefits produced 20 18 Resource trends 10 19 Resource targets **Key to performance indicators**

Performance is assessed on a scoring system from zero (none) to a maximum of between 3 and 6 (strong/excellent) depending on the

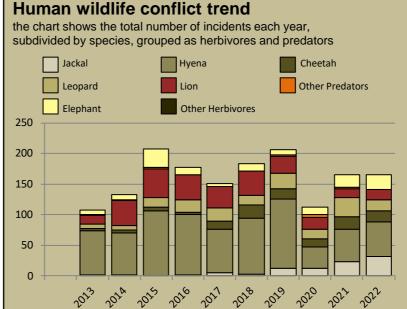

reasonable

weak/bad

Indicators 1-17 reflect the performance of the management team in place in the conservancy and an efficient team can achieve a good rating in all 17 indicators.

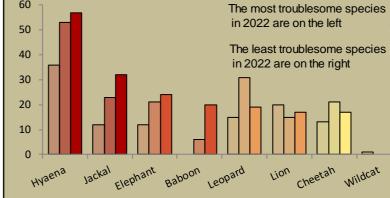

Indicators 18 & 19 are influenced by external factors and are not considered a reflection of conservancy management. They indicate the current status of wildlife in the conservancy in relation to a theoretical optimal situation.

#### **Human wildlife conflict**

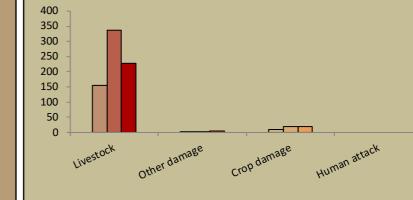

#### Most troublesome problem animals 2020-2022

the chart shows the number of incidents per species for the last 3 years; the darkest bar (on the right) indicates the current year for each species

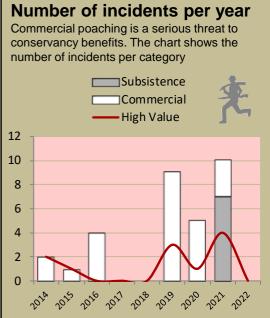

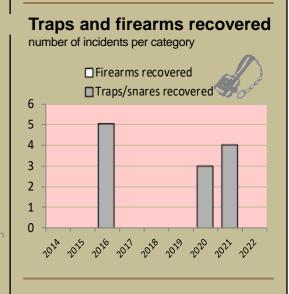

#### Type of damage by problem animals 2020-2022

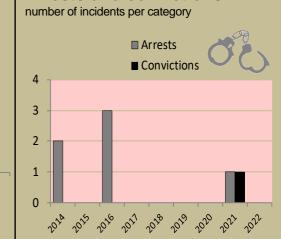

the chart shows the number of incidents per category for the last 3 years; the darkest bar (on the right) indicates the current year for each type

### **Poaching**

Arrests and convictions

### Wildlife removals - quota use and value

good

### Potential value estimates (N\$) for a single animal:

• Potential trophy value - the average trophy value for that species in the conservancy landscape

trophy values vary depending on trophy quality, international recognition of the hunting operator and the hunting area

 Potential other use value - the average meat value for common species

or

the average live sale value of each high value species (indicated with an \*). High value species are never used for meat

Fractions of animals indicate that a quota of 1 animal was awarded with conditions i.e. a) over a period of several years and/or

and/or
b) is shared with other conservancies

		Quota 2022 Animals actually us				ılly used i	n 2022		Potential			
	Species	Total	Trophy	Other Use	Trophy	Own Use & Premium	Shoot &		Problem Animal	Total Use	Trophy Value N\$	Other use Value N\$
	Baboon	5	5									
	Giraffe	1	1		1					1	45,300	
	Kudu	1	1		1					1	44,000	
	Leopard	1	1		1					1	133,500	
	Ostrich	1	1								11,000	
	Springbok	10	5	5	5	2				7	8,300	702
	Steenbok	1	1		1					1	3,000	
	Mtn Zebra	10	5	5	5	2				7	20,100	4,482

# monitoring numbers and trends for a healthy conservancy...

#### **Current wildlife numbers and status**

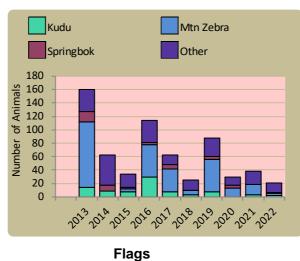

#### Wildlife introductions

#### Wildlife mortalities

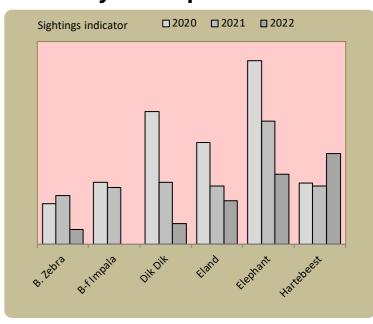

No change

No change,

rarely recorded

Increasing

### Locally rare species

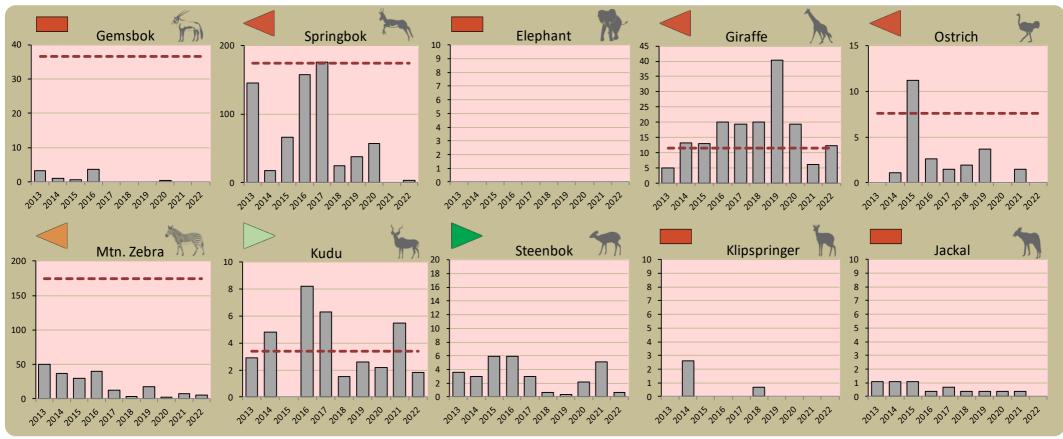

### **Annual game count**

Charts show the number of animals seen each year per 100 km driven during the game count. As a point of reference the dashed horizontal line represents the combined 10 year average in Palmwag and Etendeka concessions. Status flags reflect the general count trend over the last 5 years.

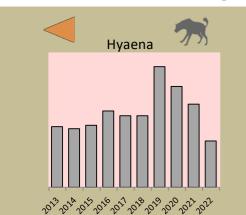

decreasing

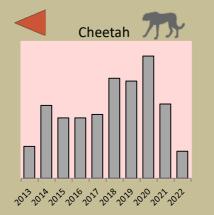

**Locally rare species** are not found very often in the conservancy and need special conservation attention.

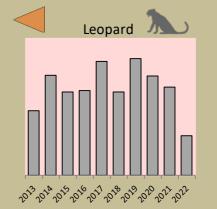

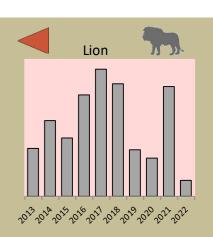

#### **Predator monitoring**

charts show the average number of animals seen per Event Book each year status barometers reflect the general sightings trend over the last 5 years

# Ehi-Rovipuka **Institutional Report**

1690

## Enabling wise conservancy governance...

#### **Conservancy Statistics**

Population (2011 census):

**Date Registered:** January 2001

Size (square kilometres): 1980

**Registered members:** 750

**Benefit Distribution** 

**Key Compliance Requirements** 

Were elections held?	N/A
Were benefits distributed according to the BDP?	✓
Is game managed according to the GMUP?	<b>4</b>
Was the financial report presented and approved?	$\checkmark$

#### **Conservancy Governance**

	Male	Female	Total	
Number of management committee members	9	1	10	
Attendance at AGM	112	114	226	
Date of the last AGM:	09/07/2022			
Date of the next AGM:	Jul-23			
Other important issues				
Budget approved?	✓			
Work plan approved?	<			
Annual conservancy report approved?	<b>√</b>			

### **Employment**

	Male	Female	Total
Conservancy staff (Incl. CGG & CRM)	19	1	20
Number of Community Game Guards	15	1	16
Number of Community Resource Monitors			

#### **Description Beneficiary Number** Type Community Devp. Homesteads 30 Water Infrastructure Rehabilitation **Meat Distribution** Game Meat Areas **Other Benefits** Hwc Offset Farmers Members Lion Proof Kraal And Early Warning System Installation

#### Governance Performance Rating How well did the conservancy perform in the past year?

Performance Category				Prev. Year	Explanation of performance category					
Member engagement					The conservancy is adequately engaging its members					
Benefit planning					The conservancy developed its BDP in a transparent and participatory manner					
Benefit distribution					The conservancy distributes benefits to its members in a fair, transparent and equitable manner					
Accountability					Conservancy members are holding the management committee accountable					
Stakeholder engagement					The conservancy maintains relationships with key external stakeholders					
Financial management					The conservancy is effectively managing its finances
