

maximising wildlife returns by minimising threats...

Performance Indicators

Management performance in 2022

Category	Performance		
1 Adequate staffing			
2 Adequate expenditure			
3 Audit attendance			
4 NR management plan			
5 Zonation			
6 Leadership			
7 Display of material			
8 Event Book modules			
9 Event Book quality			
10 Compliance			
11 Game census			
12 Reporting & adaptive management			
13 Law enforcement			
14 Human Wildlife Conflict			
15 Harvesting management			
16 Sources of NR income			
17 Benefits produced			
18 Resource trends	N/A		
19 Resource targets			

Key to performance indicators

weak/bad

reasonable

good

Performance is assessed on a scoring system from zero (none) to a maximum of between 3 and 6 (strong/excellent) depending on the indicator.

Indicators 1-17 reflect the performance of the management team in place in the conservancy and an efficient team can achieve a good rating in all 17 indicators.

Indicators 18 & 19 are influenced by external factors and are not considered a reflection of conservancy management. They indicate the current status of wildlife in the conservancy in relation to a theoretical optimal situation.

Human wildlife conflict

Human wildlife conflict trend

the chart shows the total number of incidents each year, subdivided by species, grouped as herbivores and predators

Most troublesome problem animals 2020-2022

the chart shows the number of incidents per species for the last 3 years; the darkest bar (on the right) indicates the current year for each species

Type of damage by problem animals 2020-2022

the chart shows the number of incidents per category for the last 3 years; the darkest bar (on the right) indicates the current year for each type

Poaching

Number of incidents per year

Commercial poaching is a serious threat to conservancy benefits. The chart shows the number of incidents per category

Traps and firearms recovered

number of incidents per category

Arrests and convictions

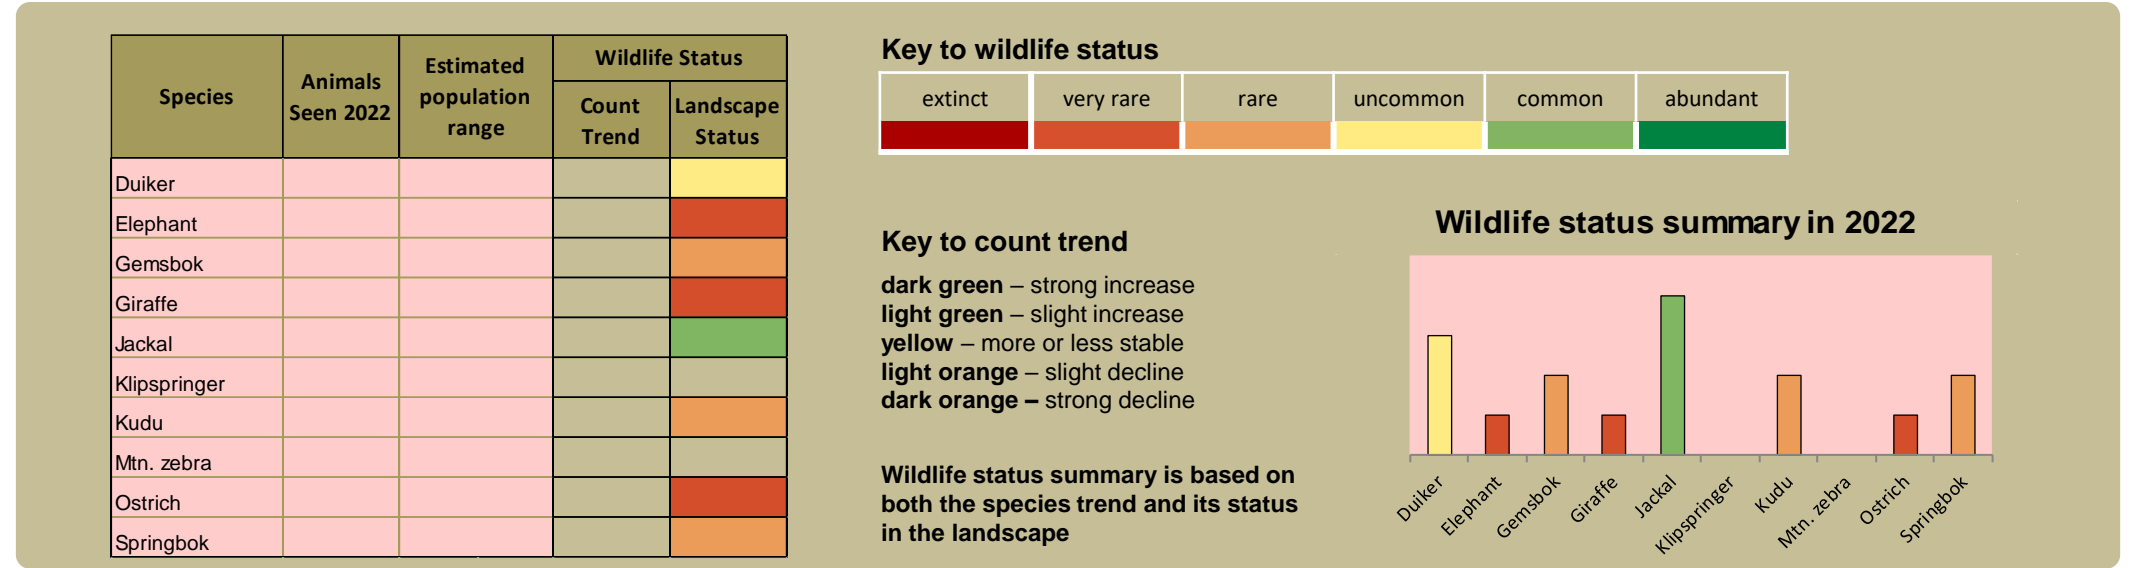

number of incidents per category

Wildlife removals – quota use and value

Potential value estimates (N\$) for a single animal:	Species	Quota 2022			Animals actually used in 2022						Potential	
		Total	Trophy	Other Use	Trophy	Own Use & Premium	Shoot & Sell	Capture & Sale	Problem Animal	Total Use	Trophy Value N\$	Other use Value N\$
<div><div>Potential trophy value</div><div>the average trophy value for that species in the conservancy landscape</div><div>trophy values vary depending on trophy quality, international recognition of the hunting operator and the hunting area</div><div>Potential other use value</div><div>the average live sale value of each high value species (indicated with an *). High value species are never used for meat</div><div>Fractions of animals indicate that a quota of 1 animal was awarded with conditions i.e.</div><div>a) over a period of several years and/or</div><div>b) is shared with other conservancies</div></div>	Duiker	5	1	4							8,300	189
	Eland	1	1								41,500	
	Elephant*	0.33	0.33								491,200	
	Kudu	2	1	1							44,000	3,483
	Leopard	0.33	0.33		1					1	130,000	
	Steenbok	2	2								6,300	
	Warthog	2	2								8,900	

# monitoring numbers and trends for a healthy conservancy...

## Current wildlife numbers and status

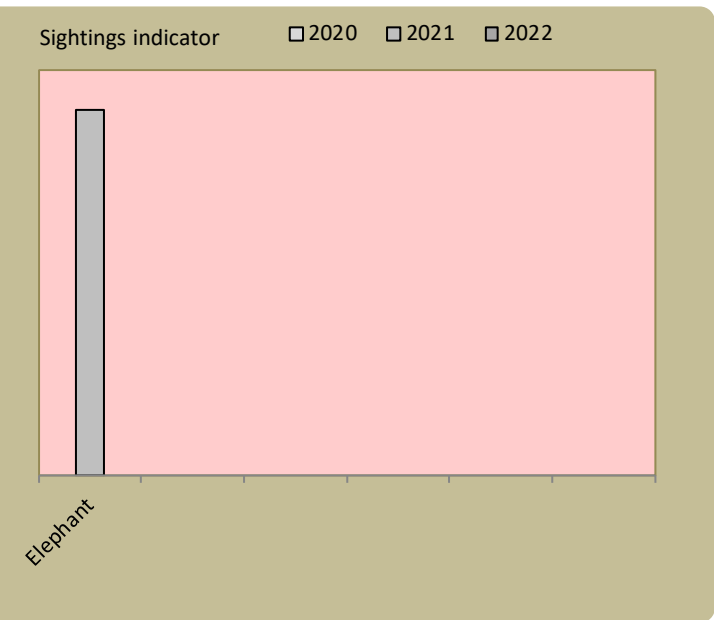

## Wildlife introductions

## Wildlife mortalities

## Locally rare species

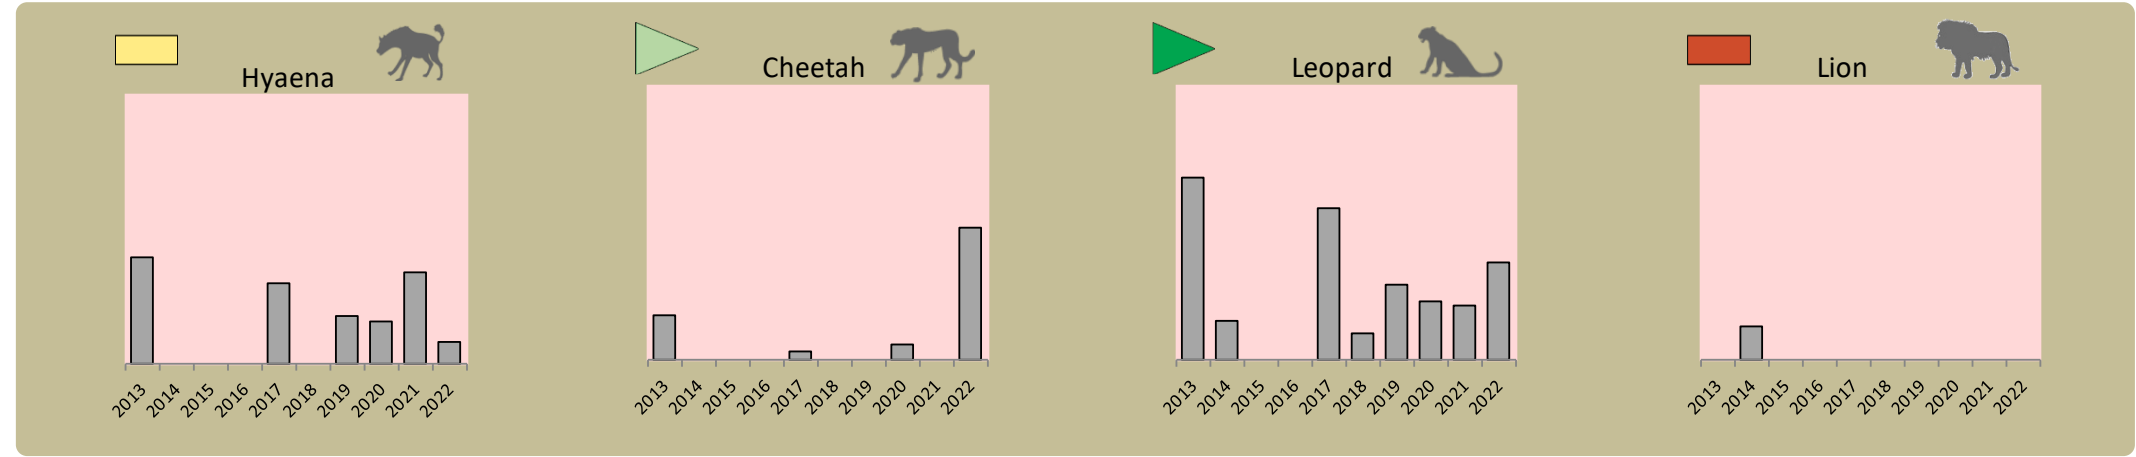

## Annual game count – not undertaken in the east

Locally rare species are not found very often in the conservancy and need special conservation attention.

## Predator monitoring

charts show the average number of animals seen per Event Book each year status barometers reflect the general sightings trend over the last 5 years

Wildlife provides a wide range of benefits. Some wildlife can cause conflicts, but all wildlife is of value to tourism, trophy hunting and a healthy environment.

By using all the available information and adapting and improving activities, threats such as human wildlife conflict, poaching and other issues can be minimised.

## Key Compliance Requirements

Was an AGM held?	✓
Were elections held?	N/A
Were benefits distributed according to the BDP?	✗
Is game managed according to the GMUP?	✓
Was the financial report presented and approved?	✗

## Benefit Distribution

Type	Description	Beneficiary	Number
------	-------------	-------------	--------

## Employment

	Male	Female	Total
Conservancy staff (Incl. CGG & CRM)	10	4	14
Number of Community Game Guards	10	3	13
Number of Community Resource Monitors			

**Governance Performance Rating** How well did the conservancy perform in the past year?

<i>Performance Category</i>	<i>This Year</i>	<i>Prev. Year</i>	<i>Explanation of performance category</i>
<b>Member engagement</b>			The conservancy is adequately engaging its members
<b>Benefit planning</b>			The conservancy developed its BDP in a transparent and participatory manner
<b>Benefit distribution</b>			The conservancy distributes benefits to its members in a fair, transparent and equitable manner
<b>Accountability</b>			Conservancy members are holding the management committee accountable
<b>Stakeholder engagement</b>			The conservancy maintains relationships with key external stakeholders
<b>Financial management</b>			The conservancy is effectively managing its finances
