

# Orupupa Natural Resource Report

## maximising wildlife returns by minimising threats...

#### Wildlife removals - quota use and value

Potential value estimates (N\$) for a		Quota 2021			Animals actually used in 2021					Pote	ntial	
single animal: • Potential trophy value - the average	Species	Total	Trophy	Other Use	Trophy	Own Use & Premium	Shoot & Sell		Problem Animal	Total Use	Trophy Value N\$	Other use Value N\$
trophy value for that species in the conservancy landscape	Kudu	2	1	1								3,483
trophy values vary depending on trophy	Leopard	1	1				_	ailable				
quality, international recognition of the	Ostrich	2	1	1			ata not a	V				810
hunting operator and the hunting area	Springbok	8	2	6		ation d	jac					702
Potential other use value - the average meat value for common species					V	tilisation d						
or												
the average live sale value of each high value species (indicated with an *). High value species are never used for meat												
Fractions of animals indicate that a quota of 1 animal was awarded with conditions i.e. a) over a period of several years and/or b) is shared with other conservancies

## Natural Resource Report continued...

# monitoring numbers and trends for a healthy conservancy...

#### **Current wildlife numbers and status**

**Desired Number** – gives the species status in the conservancy based on what the conservancy would like to have.

dark green (abundant) - reduce a lot; light green (common) - reduce a little; yellow (uncommon) - keep numbers the same;

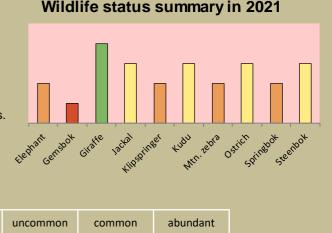

light orange (rare) - double numbers;

Key to wildlife status

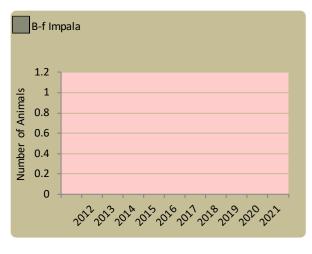

dark orange (very rare) - more than double numbers.

Increasing

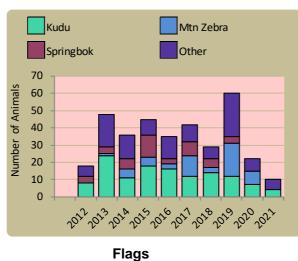

rare

#### Wildlife introductions

#### Wildlife mortalities

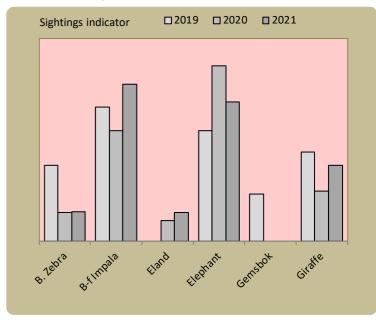

No change

No change,

rarely recorded

## Locally rare species

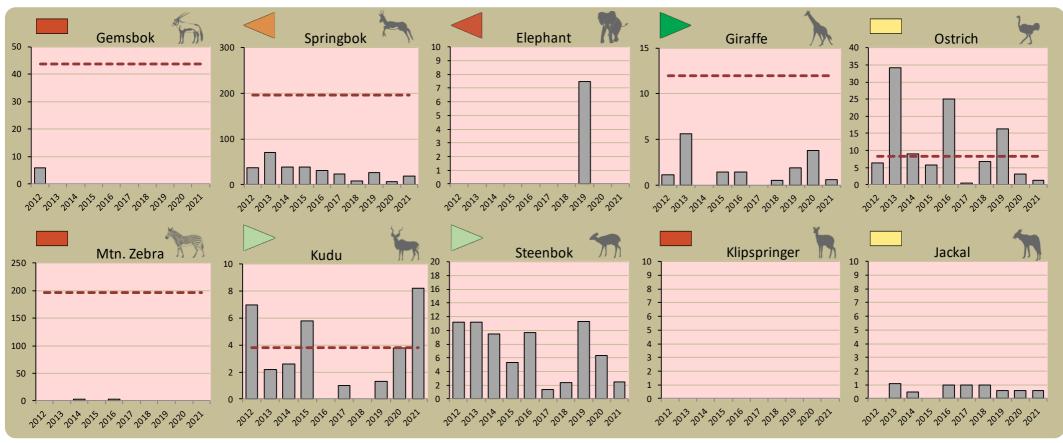

## Annual game count

Charts show the number of animals seen each year per 100 km driven during the game count. As a point of reference the dashed horizontal line represents the combined 10 year average in Palmwag and Etendeka concessions. Status flags reflect the general count trend over the last 5 years.

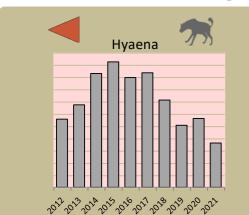

decreasing

Locally rare species are not found very often in the conservancy and need special conservation attention.

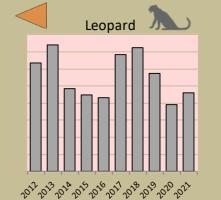

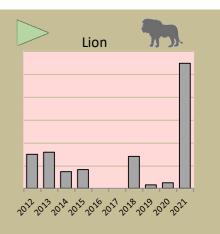

#### **Predator monitoring**

charts show the average number of animals seen per Event Book each year status barometers reflect the general sightings trend over the last 5 years

# Orupupa Institutional Report

## Enabling wise conservancy governance...

#### **Conservancy Statistics**

Date Registered:March 2011Population (2011 census):1820Size (square kilometres):1234

Registered members: 1000

#### **Key Compliance Requirements**

Was an AGM held?

Were elections held?

Were benefits distributed according to the BDP?

Is game managed according to the GMUP?

Was the financial report presented and approved?

✓

#### **Conservancy Governance**

	Male	Female	Total
Number of management committee members	8	1	9
Attendance at AGM	87	100	187
Date of the last AGM:	17/10/2021		
Date of the next AGM:	Aug-22		
Other important issues			
Budget approved?	✓		
Work plan approved?	✓		
Annual conservancy report approved?	<		

#### **Benefit Distribution**

Type  Meat Distribution	<b>Description</b> Meat To Members	<b>Beneficiary</b> People	Number 95

### **Employment**

	Male	Female	Total
Conservancy staff (Incl. CGG & CRM)	9	3	11
Number of Community Game Guards	5	1	6
Number of Community Resource Monitors			

#### Governance Performance Rating How well did the conservancy perform in the past year?

Per	formance Cate	gory	This Year	Prev. Year	Explanation of performance category					
Member engagement					The conservancy is adequately engaging its members					
Benefit planning					The conservancy developed its BDP in a transparent and participatory manner					
Benefit distribution					The conservancy distributes benefits to its members in a fair, transparent and equitable manner					
Accountability					Conservancy members are holding the management committee accountable					
Stakeholder engagement					The conservancy maintains relationships with key external stakeholders					
Financial management					The conservancy is effectively managing its finances
