maximising wildlife returns by minimising threats...

Wildlife removals – quota use and value

Potential value estimates (N\$) for a		Quota 2022		Animals actually used in 2022				Potential				
single animal:	Species	Total	Trophy	Other Use	Trophy	Own Use		Capture & Sale	Problem Animal	Total Use	Trophy Value N\$	Other use
Potential trophy value - the average trophy value for that species in the conservancy landscape						Premium						
trophy values vary depending on trophy quality, international recognition of the hunting operator and the hunting area					No u	tilisati(on					
Potential other use value - the average meat value for common species												
or												
the average live sale value of each high value species (indicated with an *). High value species are never used for meat												
Fractions of animals indicate that a quota of 1 animal was awarded with conditions i.e.												
a) over a period of several years and/or												
b) is shared with other conservancies

Current wildlife numbers and status

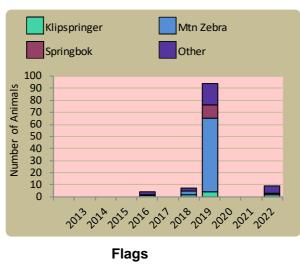

Wildlife introductions

Wildlife mortalities

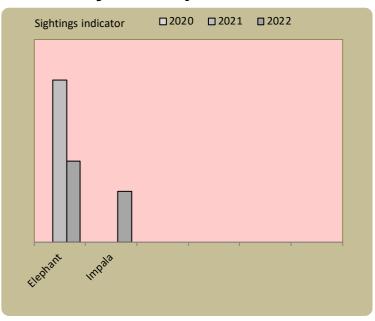

No change

No change,

rarely recorded

Increasing

Locally rare species

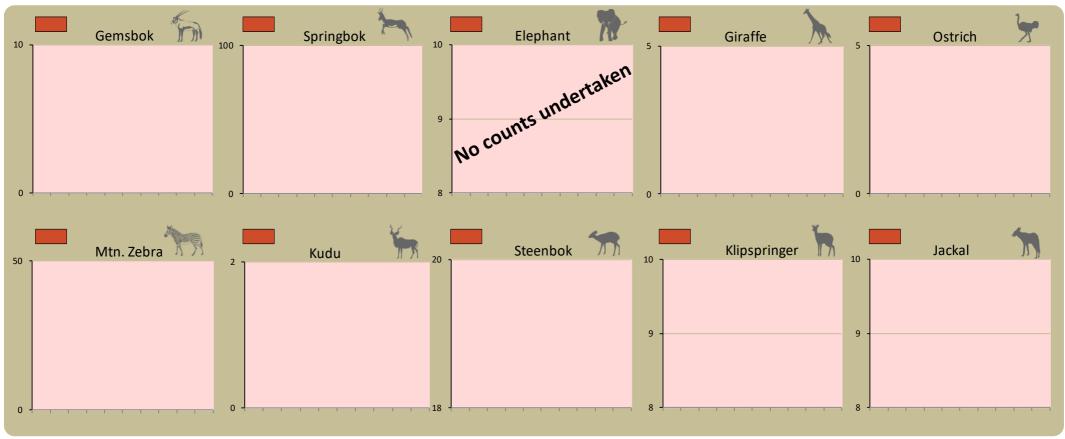

Annual game count

Charts show the number of animals seen each year per 100 km driven during the game count. As a point of reference the dashed horizontal line represents the combined 10 year average in Palmwag and Etendeka concessions. Status flags reflect the general count trend over the last 5 years.

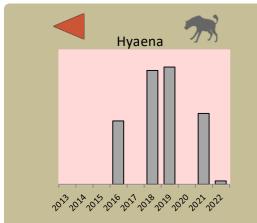

decreasing

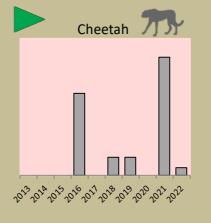

Locally rare species are not found very often in the conservancy and need special conservation attention.

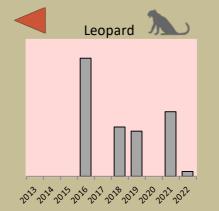

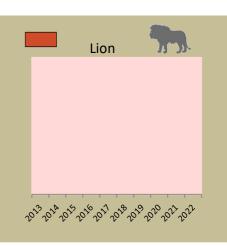

Predator monitoring

charts show the average number of animals seen per Event Book each year status barometers reflect the general sightings trend over the last 5 years

Key Compliance Requirements

Was an AGM held?	✓
Were elections held?	4
Were benefits distributed according to the BDP?	✓ .
Is game managed according to the GMUP?	✓ .
Was the financial report presented and approved?	√ /

Conservancy Governance

	Male	Female	Total	
Number of management committee members	9	5	14	
Attendance at AGM	53	24	77	
Date of the last AGM:	24/10/2022			
Date of the next AGM:	May-23			
Other important issues				
Budget approved?	✓			
Work plan approved?	✓			
Annual conservancy report approved?	✓			

Benefit Distribution

Туре	Description	Beneficiary	Number	
			•	

Employment

	Male	Female	Total	
Conservancy staff (Incl. CGG & CRM)	6	1	7	
Number of Community Game Guards	6	1	7	
Number of Community Resource Monitors				

Governance Performance Rating How well did the conservancy perform in the past year?

Performance Category			This Year	Prev. Year	Explanation of performance category					
Member engagement					The conservancy is adequately engaging its members					
Benefit plannir	ng				The conservancy developed its BDP in a transparent and participatory manner					
Benefit distribution					The conservancy distributes benefits to its members in a fair, transparent and equitable manner					
Accountability					Conservancy members are holding the management committee accountable					
Stakeholder er			The conservancy maintains relationships with key external stakeholders							
Financial mana			The conservancy is effectively managing its finances
