## Wildlife removals - quota use and value

Potential value estimates (N\$) for a		Quota 2020			Animals actually used in 2020					Pote	ntial	
single animal: • Potential trophy value - the average	Species	Total	Trophy	Other Use	Trophy	Own Use & Premium	Shoot & Sell		Problem Animal	Total Use	Trophy Value N\$	Other use Value N\$
trophy value for that species in the conservancy landscape	Baboon	5	5								600	
trophy values vary depending on trophy	Giraffe	1	1								10,600	
quality, international recognition of the	Leopard	0.33	0.33								38,900	
hunting operator and the hunting area	Ostrich	1	1								2,000	
Potential other use value - the average	Mtn Zebra	4	2	2							6,300	4,482
meat value for common species												
or												
the average live sale value of each high												
value species (indicated with an *). High value species are never used for meat												
Fractions of animals indicate that a quota of 1												
animal was awarded with conditions i.e. a) over a period of several years												
and/or b) is shared with other conservancies												
b) to different with out of consolivations												

#### **Puros**

Not all data or species are shown on this report; use your **Event Book** for more information

# **A2**

# monitoring numbers and trends for a healthy conservancy...

### **Current wildlife numbers and status**

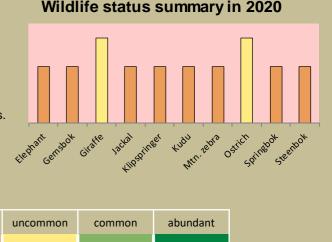

**Desired Number** – gives the species status in the conservancy based on what the conservancy would like to have.

dark green (abundant) - reduce a lot; light green (common) - reduce a little; yellow (uncommon) - keep numbers the same;

light orange (rare) - double numbers;

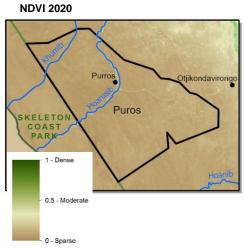

dark orange (very rare) - more than double numbers.

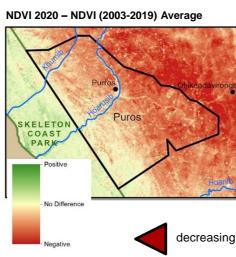

Key to wildlife status

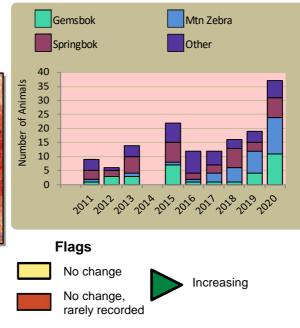

## **Vegetation monitoring**

Green vegetation index (NDVI). Maps show vegetation cover during Feb-Apr of the current year and the difference between the current year and the long-term average (2003-2019)

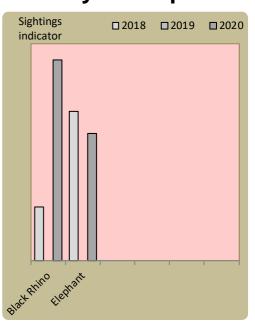

#### Wildlife mortalities

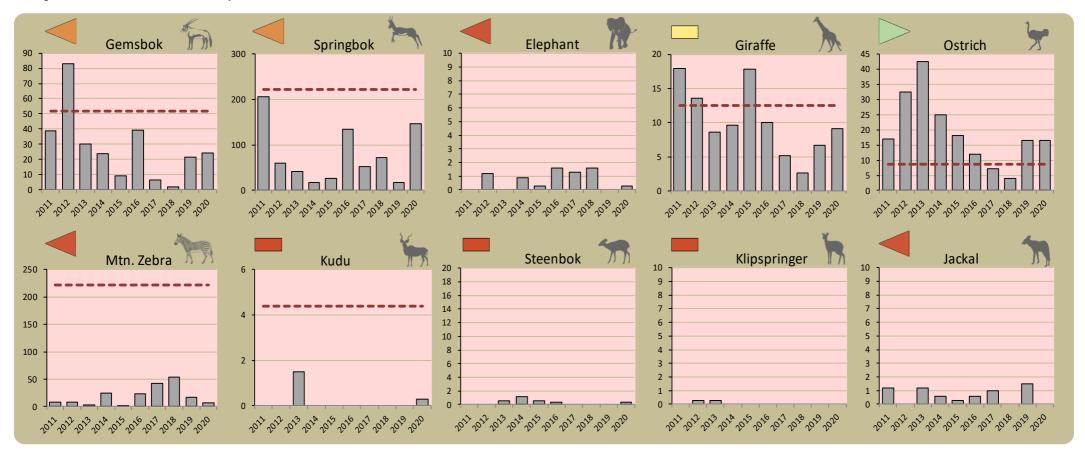

### Locally rare species

Locally rare species are not found very often in the conservancy and need special conservation attention.

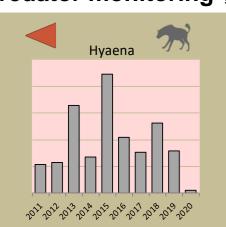

## Annual game count

Charts show the number of animals seen each year per 100 km driven during the game count. As a point of reference the dashed horizontal line represents the combined 10 year average in Palmwag and Etendeka concessions. Status flags reflect the general count trend over the last 5 years.

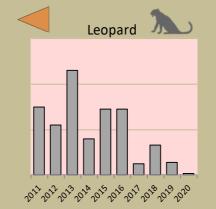

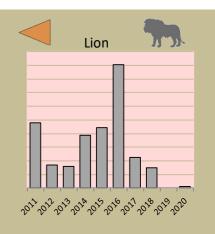

#### **Predator monitoring**

charts show the average number of animals seen per Event Book each year status barometers reflect the general sightings trend over the last 5 years

# Enabling wise conservancy governance...

### **Conservancy Statistics**

Date Registered:May 2000Population (2011 census):510Size (square kilometres):3562Registered members:230

## **Key Compliance Requirements**

Was an AGM held?

Were elections held?

N/A

Were benefits distributed according to the BDP?

Is game managed according to the GMUP?

Was the financial report presented and approved?

## **Conservancy Governance**

	Male	Female	Total
Number of management committee members	11	2	13
Attendance at AGM			
Date of the last AGM:			
Date of the next AGM:			
Other important issues			
Budget approved?			
Work plan approved?			
Annual conservancy report approved?			

#### **Benefit Distribution**

Туре	Description	Beneficiary	Number
Cash Benefits	Cash Dividends To Members	Households	20
Social Benefits	Funeral Assistance Scholarships	Households	3
	Support To Orphanages		

# **Employment**

	Male	Female	Total
Conservancy staff (Incl. CGG & CRM)	13	15	28
Number of Community Game Guards	11	1	12
Number of Community Resource Monitors			

### Governance Performance Rating How well did the conservancy perform in the past year?

Per	rformance Cate	egory	This Year	Prev. Year	Explanation of performance category					
1 Member engagement					The conservancy is adequately engaging its members					
2a Benefit plar	Benefit planning  The conservancy developed its BDP in a transparent and participatory manner						cipatory manner			
2b Benefit dist	ribution				The conservancy distributes benefits to its members in a fair, transparent and equitable manner					
3 Accountability					Conservancy members are holding the management committee accountable					
4 Compliance					The conservancy is compliant with the standard operating proceedures (SOPs)					
5 Stakeholder engagement					The conservancy maintains relationships with key external stakeholders					
6 Financial management					The conservancy is effectively managing its finances
