

Uukolonkadhi Ruacana Natural Resource Report

maximising wildlife returns by minimising threats...

Human wildlife conflict Poaching Performance Indicators Management performance in 2021 Human wildlife conflict trend Number of incidents per year Commercial poaching is a serious threat to the chart shows the total number of incidents each year, subdivided by species, grouped as herbivores and predators conservancy benefits. The chart shows the **Performance** number of incidents per category 1 Adequate staffing Subsistence Leopard Other Predators Commercial 2 Adequate expenditure Other Herbivores Elephant High Value 120 3 Audit attendance 100 4 NR management plan 80 5 Zonation 60 6 Leadership 40 7 Display of material 20 8 Event Book modules 9 Event Book quality 2015 2016 2017 2018 2019 2020 10 Compliance 11 Game census Most troublesome problem animals 2019-2021 Traps and firearms recovered number of incidents per category 12 Reporting & adaptive management the chart shows the number of incidents per species for the last 3 years; the darkest bar (on the right) indicates the current year for each species 13 Law enforcement ☐ Firearms recovered The most troublesome species ■Traps/snares recovered 14 Human Wildlife Conflict in 2021 are on the left 5 60 15 Harvesting management 50 The least troublesome species in 2021 are on the right 40 16 Sources of NR income 30 17 Benefits produced 20 18 Resource trends 10 19 Resource targets 2023 2014 2015 2016 2017 2018 2018 2010 201 Haseus Elebhaur Teobard Caracal CLocoqile Packal Bapoou Cheerah Key to performance indicators Type of damage by problem animals 2019-2021 Arrests and convictions weak/bad the chart shows the number of incidents per category for the last 3 years; reasonable good number of incidents per category the darkest bar (on the right) indicates the current year for each type Performance is assessed on a scoring system from zero (none) to a 450 maximum of between 3 and 6 (strong/excellent) depending on the 400 **■** Convictions 350 300 250 Indicators 1-17 reflect the performance of the management team in 200 place in the conservancy and an efficient team can achieve a good 150 rating in all 17 indicators. 100 Indicators 18 & 19 are influenced by external factors and are not 50 considered a reflection of conservancy management. They indicate the current status of wildlife in the conservancy in relation to a Other damage theoretical optimal situation. 2014 2015 2016 2017 2018 2019 2020 2020

Wildlife removals - quota use and value

Potential value estimates (N\$) for a single animal:		Quota 2021 Animals actually used in 2021					Potential					
	Species	Total	Trophy	Other Use	Trophy	Own Use &	Shoot &		Problem Animal	Total Use	Trophy Value N\$	Other use Value N\$
Potential trophy value - the average trophy value for that species in the conservancy landscape	Crocodile	2	2			Premium	JC.II	C. Gaile	7		19,900	value ity
trophy values vary depending on trophy	Elephant*	1	1								136,900	90,000
quality, international recognition of the	Kudu*	2	1	1							7,800	10,842
hunting operator and the hunting area	Springbok	3		3								702
Potential other use value - the average meat value for common species												
or												
the average live sale value of each high value species (indicated with an *). High value species are never used for meat												
Fractions of animals indicate that a quota of 1 animal was awarded with conditions i.e. a) over a period of several years												
and/or b) is shared with other conservancies

No change,

rarely recorded

Increasing

Locally rare species

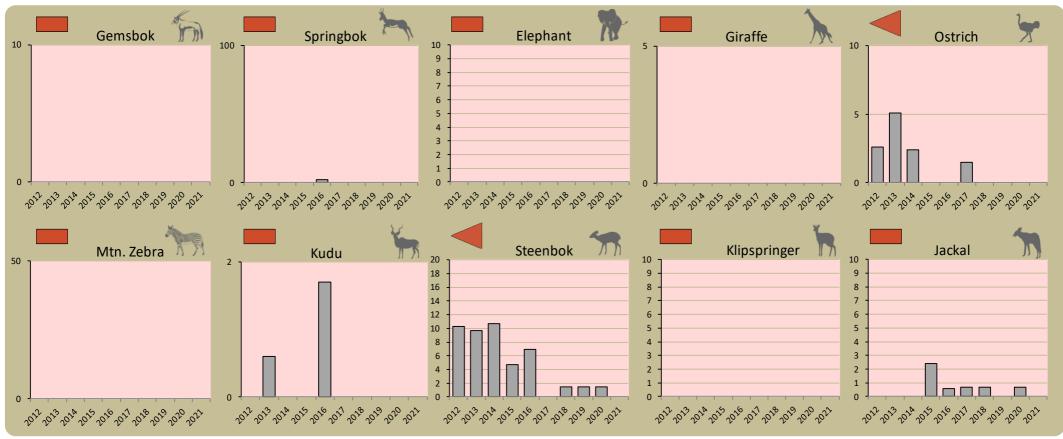

Annual game count

Charts show the number of animals seen each year per 100 km driven during the game count. As a point of reference the dashed horizontal line represents the combined 10 year average in Palmwag and Etendeka concessions. Status flags reflect the general count trend over the last 5 years.

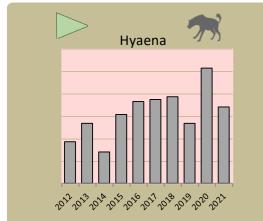

decreasing

Locally rare species are not found very often in the conservancy and need special conservation attention.

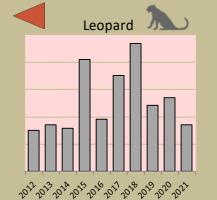

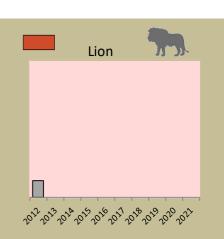

Predator monitoring

charts show the average number of animals seen per Event Book each year status barometers reflect the general sightings trend over the last 5 years

Wildlife provides a wide range of benefits. Some wildlife can cause conflicts, but all wildlife is of value to tourism, trophy hunting and a healthy environment.

By using all the available information and adapting and improving activities, threats such as human wildlife conflict, poaching and other issues can be minimised.

Enabling wise conservancy governance...

Conservancy Statistics

Date Registered: September 2005

Population (2011 census): 31670

Size (square kilometres): 2993

Registered members: 2700

Was an AGM held?

Were elections held?

Key Compliance Requirements

Were benefits distributed according to the BDP?

Was the financial report presented and approved?

Is game managed according to the GMUP?

Benefit Distribution										
Туре	Description	Beneficiary	Number							
Community Devp.	Cement For Elephant Protection Walls	Households	25							
Social Benefits	Diesel For Pumping Water	Farmers	13							

Conservancy Governance

	Male	Female	Total
Number of management committee members	10	2	10tai
Attendance at AGM	66	127	193
Date of the last AGM:	25/09/2021		
Date of the next AGM:	Sep-22		
Other important issues			
Budget approved?	✓		
Work plan approved?	<		
Annual conservancy report approved?	<		

Employment

	Male	Female	Total
Conservancy staff (Incl. CGG & CRM)	6	2	8
Number of Community Game Guards	6	1	7
Number of Community Resource Monitors			

Governance Performance Rating How well did the conservancy perform in the past year?

Performance Category			This Year	Prev. Year	Explanation of performance category					
Member engagement					The conservancy is adequately engaging its members					
Benefit planning					The conservancy developed its BDP in a transparent and participatory manner					
Benefit distribution					The conservancy distributes benefits to its members in a fair, transparent and equitable manner					
Accountability					Conservancy members are holding the management committee accountable					
Stakeholder engagement					The conservancy maintains relationships with key external stakeholders					
Financial management					The conservancy is effectively managing its finances
